D. Kay Thress, Clerk of Council

CALL TO ORDER – Roll Call, Pledge of Allegiance

Worthington City Council met in Regular Session on Monday, March 7, 2016, in the John P. Coleman Council Chambers of the Louis J.R. Goorey Worthington Municipal Building, 6550 North High Street, Worthington, Ohio. President Michael called the meeting to order at or about 7:30 p.m.

Members Present: Rachael R. Dorothy, David Norstrom, Douglas K. Smith, Michael C. Troper and Bonnie D. Michael

Member(s) Absent: Douglas Foust, Scott Myers

Also present: Clerk of Council D. Kay Thress, City Manager Matthew Greeson, Director of Law Pamela Fox, Assistant City Manager Robyn Stewart, Director of Finance Molly Roberts, Director of Building and Planning Lee Brown, Director of Public Service and Engineering Dan Whited, Director of Parks and Recreation Darren Hurley, Chief of Fire Scott Highley and Chief of Police James Mosaic

There were nine visitors present.

President Michael invited all those in attendance to stand and join in the recitation of the Pledge of Allegiance.

VISITOR COMMENTS – There were no visitor comments

SPECIAL PRESENTATION – Update on Zika Virus

Theresa C. Long, MD, MPH, Health Commissioner
Keith Krinn, RS, MA, DAAS, Environmental Health Administrator

ZIKA**What We Are Doing**

- Alerting area physicians with Health Advisories as CDC guidance is available.
- Convening all area hospital systems and public health agencies so we communicate with one voice to area physicians and the communities at risk.
- Convening all area colleges and universities so that they communicate effectively to their students and faculties.
- Facilitating testing of patient specimens to be sent to CDC.
- Ready to conduct disease investigations of Zika cases.
- Evaluating and planning our mosquito control efforts for this mosquito season.
- Will launch an educational campaign to help eliminate standing water – the major source of mosquito breeding in our backyards.

ZIKA BASICS

Mosquitoes

- Zika is spread mostly by being bitten by an infected *Aedes* species mosquito.
- These mosquitoes are aggressive daytime biters, but can also bite at night.

ZIKA BASICS

No Vaccine

- There is no vaccine or medicine for Zika.
- The best way to avoid Zika is to prevent mosquito bites.

ZIKA BASICS

Common Symptoms

- Common symptoms are fever, rash, joint pain, and conjunctivitis (red eyes) within 2 weeks of exposure.
- The symptoms are usually mild and only affect 1 in 5 people who are infected.

ZIKA BASICS

Birth Defects

- Infection during pregnancy may be linked to birth defects in babies.

ZIKA BASICS

Travel

- Check for updates on Zika-affected countries and for travel advisories at www.cdc.gov/zika.

ZIKA BASICS

Sexual Transmission

- Sexual transmission of *Zika Virus* from a male partner is possible.

INFORMATION FOR

Pregnant Women

- Pregnant women should **avoid travel to any area where *Zika Virus* is spreading.**
- If you must travel to these areas, talk to your doctor first and strictly follow steps to **prevent mosquito bites** during your trip.
- **Use condoms** every time and correctly with male partners who have traveled to these areas or **abstain from sex.**

INFORMATION FOR

Men

Men Who Have Traveled to Areas Where Zika is Spreading:

- If you are sexually active with a woman who is or could become pregnant:
 - Use a condom every time and correctly
 - or –
 - Abstain from sex

Testing To Date**ZIKA VIRUS TESTS**

Zika Virus Tests				
Jurisdiction	# Total	# Positive	# Negative	# Pending
Columbus	8	0	2	6
Franklin County	8	0	2	6
Combined	16	0	4	12

Columbus & Franklin County as of 2/29/2016

INFORMATION TO HELP

Prevent Mosquito Bites

- **Empty or get rid** of items that hold water around your yard or surroundings.
- **Treat rain barrels** for mosquitoes.
- Check and **repair window screens** around your home.
- Use an **EPA-registered insect repellent** and follow the label carefully.

Distribution of Zika Vectors in the Continental United States

Keith Krinn spoke about the Aedes Aegypti as not being very hardy mosquitos. They mainly thrive in tropical areas, such as the climate around the Gulf coast and in Arizona. Its cousin however is a hardy mosquito and can survive the Ohio winters. To date there has been no transmission of the disease by this mosquito. In theory someone could come to Worthington from the Virgin Islands infected and be bitten by an albopictus which could then bit someone else and transmit the disease. The virus has been isolated in the laboratory in the albopictus mosquito but again, there has been no transmission of it to date.

Approximate distribution of *Aedes aegypti* in the United States*

Approximate distribution of *Aedes albopictus* in the United States*

What About Mosquitoes Here?

- **No local mosquito-borne cases reported in U.S. states at this time.**
- CDC is not able to predict how much Zika virus may spread in the continental U.S.
- Recent Chikungunya and Dengue Fever outbreaks suggest that Zika outbreaks may be relatively small and limited to a small area in the U.S.

Mosquito Control

Columbus Public Health stepping up prevention efforts:

- Increase trapping to find the mosquitoes.
- Targeted larviciding and source reduction in areas where we find and suspect these mosquitoes.
- Respond to complaints of daytime biting mosquitoes.

Mr. Krinn stated the principle goal of the mosquito program is still the West Nile Virus because it is deadlier than Zika.

INFORMATION TO HELP

Mosquito Control

Columbus Public Health stepping up prevention efforts:

- Targeted daytime adulticide/spraying.
- Respond with control measures near reported/suspected human cases.
- Extensive Public Education Campaign

INFORMATION TO HELP

Prevent Mosquito Bites

- **Empty or get rid** of items that hold water around your yard or surroundings.
- **Treat rain barrels** with mosquito repelling dunks (tablets).
- Check and **repair window screens** around your home.
- Use an **EPA-registered insect repellent** and follow the label carefully.

Ms. Dorothy asked how someone would contact the health department if they have a concern about a suspected case or a biting incident. Dr. Long replied that her staff will take calls from the public through the infectious disease reporting system, which is 525-8888. But anyone with symptoms will be referred to their provider for an assessment. If the provider feels that testing is needed then they would go from there.

Mr. Norstrom shared that he has been involved with rain barrels for several years. He understands that it is too early to have them treated but wondered when the number for that would be published. Mr. Krinn commented that he doesn't know the date but will find out the information for him.

Mr. Norstrom shared that the number is not necessarily out in the public in the way that it should be. The Zika virus gives us an opportunity to talk about mosquitoes but mosquitoes are a major problem as you've indicated. He doesn't want the public to be overly concerned about the Zika because there isn't a native born Zika case yet but we should be concerned about mosquitoes in general and doing everything within the community to avoid stagnant water, and get rain barrels treated, etc. Mr. Krinn confirmed that the dusk to dawn mosquitoes are the Culex species and those are the ones that transmit the West Nile virus. They are also associated with encephalitis.

Ms. Dorothy asked if the number of mosquito prevention treatments would increase or is this just a campaign to calm the public's fear of Zika. Dr. Long replied that they will continue to expand treatments, mostly in the early dawn hours. They will respond and be very concerned if a case is discovered locally. Obviously they would be looking at provision efforts right in that neighborhood and close to the person diagnosed. She added that it is also an opportunity to make people aware of things that they can do in the neighborhoods and backgrounds to reduce the breeding of mosquitoes.

Ms. Dorothy asked if Columbus or Franklin will be sending anything out or is this something that Worthington may want to include in with our publications. Dr. Long replied that the Health Department has no plans to send anything out but they would be happy to work with city staff if members want to send something out. She added that Ohio State sent the information out to its students, faculty, staff and parents. They would be happy to make all of the artwork available for the city to share with its residents. Mr. Greeson commented that he would have Anne Brown work with Dr. Long's staff to get something for distribution.

Dr. Long added that she thinks it is a tad early for the information but they wanted to give council a heads up on this issue

Council members thanked Dr. Long for the presentation this evening.

APPROVAL OF MINUTES

- Committee of the Whole Meeting – January 11, 2016
- Regular Meeting – January 19, 2016

- Special Meeting – February 1, 2016
- Regular Meeting – February 1, 2016

MOTION Mr. Troper made a motion to approve the aforementioned minutes as presented. The motion was seconded by Ms. Dorothy.

The motion to approve the minutes as presented carried unanimously.

PUBLIC HEARINGS ON LEGISLATION

President Michael declared public hearings and voting on legislation previously introduced to be in order.

Ordinance No. 08-2016 Authorizing the Worthington Community Improvement Corporation to Execute a Lease Agreement Between the WCIC and Sew to Speak LLC for a Portion of the Kilbourne Building.

The foregoing Ordinance Title was read.

Mrs. Fox shared that staff was approached last December by Anita Gastaldo, who is present this evening. Ms. Gastaldo is the owner of Sew to Speak and she expressed an interest in leasing the northern 2,035+/- square feet of space on the first floor of the Kilbourne Building. Sew to Speak has been in business in Clintonville for approximately eight years and is known as a destination shop for customers interested in sewing, knitting, and crafting. Ms. Gastaldo was alerted to this space by the owner of Sweet Carrot, who was shopping for fabric and they began talking. So there has been a great deal of good discussion between the owner of Sweet Carrot and Ms. Gastaldo about the space. Staff met with Ms. Gastaldo and indicated that we would be interested in having her obtain some estimates to prepare the space for occupancy. She did that and came back to us with a construction estimate of \$180,000. Staff continued to work with her and began putting together the term sheet for the lease, which is very similar to the lease terms done for Sweet Carrot. There was one change to the lease that members have before them that she doesn't believe is adverse to the city. Ms. Gastaldo had asked that she have an initial ten year lease with a renewal term for seven years. Ms. Gastaldo has asked that the renewal terms be switched to three, three year terms. She believes that is a reasonable request and asked that council also agree that the request is reasonable.

Mrs. Fox reported that the lease is a triple net lease similar to Sweet Carrot. Square footage is estimated at \$15.00 a square foot, and in exchange for the amount of investment that Sew to Speak is putting in to the building, we calculated a rent abatement for just shy of seven years.

Mrs. Fox shared that there was extensive discussion about this lease at the Community Investment Corporation (CIC). She noted that Mr. Smith and Mr. Norstrom were part of those discussions. Mike Simpson of NAI Ohio Equities was also consulted on the lease

structure, the lease rate and the compatibility of this use with the restaurant use and in proximity to the Village Green. She added that Mr. Simpson is also present this evening.

Mrs. Fox commented that everyone is excited about this business. We think it is a good fit for the Kilbourne Building and compatible with the Sweet Carrot restaurant next door. She would request approval of this ordinance.

Mr. Troper understands that if approved, this agreement would abate \$180,000 in rent. He asked what would happen if the construction company comes in more or less than \$180,000. Mrs. Fox replied that the agreement is to abate the \$180,000.

Ms. Dorothy asked if there are any significant differences in this lease and the one approved for Sweet Carrot. Mrs. Fox replied that the structure of the two leases are the same. The businesses will be investing the dollars ahead of time. The rent will be abated, it is triple net, and they will be sharing the maintenance costs in the common area. The option to renew on Sweet Carrot is a seven year term but Ms. Gastaldo has asked for the three, three year terms.

Ms. Dorothy asked about the hours of operation. Ms. Gastaldo shared that currently they are open Monday – Saturday. They will try to be open in Worthington on Sundays as well. Their current hours are 10:00 am to 6:00 pm but they likely will switch to closing at 7:00 p.m. with the Sunday hours a bit shorter. Ms. Dorothy commented that she hopes more residents will be out and about and visiting her business.

Ms. Michael asked if an amendment is needed before members vote on the ordinance. Mrs. Fox replied that the ordinance is structured to allow changes to be made that are not adverse to the city but it always helps to have council agree to those changes if they wish to do that.

MOTION

Mr. Smith made a motion to amend the lease to allow for the change in the renewal option. The motion was seconded by Mr. Norstrom.

Mr. Norstrom stated that he would like to get specific. He asked if the change is to Section 3. under rent. Mrs. Fox replied that it would be under the renewal option in Section 31, page 11. The tenant would have the option to renew the lease for three, three-year terms instead of seven.

Mr. Norstrom commented that since council was criticized on this deal when we did it with Sweet Carrot, he wants to make it clear for the record that: 1) the costs that are paid by the tenants are not normal build out costs. He asked Mike Simpson to assist with an explanation.

Mr. Simpson stated that the reason the abatement makes a great deal of sense is because normally in this kind of situation the landlord would be investing money to get the premises ready to occupy, both base building type improvements and also what is known as tenant improvements. In this case, the fact that the tenant is willing to invest their

money in the improvements, every landlord would love to get a tenant like that. Because this is less risk for the city, he thinks that structure/type of deal makes a lot of good sense for the city.

The motion to amend the lease attached to Ordinance No. 08-2016 carried unanimously.

There being no additional comments, the Clerk called the roll on the passage of Ordinance No. 08-2016. The motion carried by the following vote:

Yes 5 Troper, Norstrom, Dorothy, Smith, and Michael

No 0

Ordinance No. 08-2016 was thereupon declared duly passed and is recorded in full in the appropriate record book.

Ordinance No. 09-2016 Amending Part Seventeen – Title Two of the Codified Ordinances of the City Regarding Municipal Income Tax.

The foregoing Ordinance Title was read.

Mrs. Roberts shared that Council passed Ordinance No. 42-2015 on October 19, 2015 to incorporate the required changes that the General Assembly enacted due to House Bill 5 for significant changes to the Income Tax Code. Following passage of this ordinance, staff was provided with additional revisions, which are primarily clerical in nature but we do feel that they are significant enough to amend the ordinance passed in October. Additionally these revisions designate appointments to the Board of Tax Review. Previously we had an Income Tax Board of Tax Appeals. House Bill 5 requires that the name of the appeal board be changed to the Board of Tax Review. Staff has contacted our current members and they are willing to additionally serve on this newly constituted Board of Tax Appeals as required. Again, these change are clerical in nature and not substantive however staff does request the changes be incorporated.

There being no additional comments, the Clerk called the roll on the passage of Ordinance No. 09-2016. The motion carried by the following vote:

Yes 5 Troper, Norstrom, Dorothy, Smith, and Michael

No 0

Ordinance No. 09-2016 was thereupon declared duly passed and is recorded in full in the appropriate record book.

NEW LEGISLATION TO BE INTRODUCED**Resolution No. 10-2016**

Approving an Agreement and Permit for between Level 3 Communications, LLC, a Delaware Limited Liability Company, to Operate and Maintain a Telecommunications System Within the City of Worthington Pursuant to and Subject to the Provisions of Chapter 949 of the Codified Ordinances of the City of Worthington.

Introduced by Mr. Troper.

MOTION

Ms. Dorothy made a motion to adopt Resolution No. 10-2016. The motion was seconded by Mr. Smith.

Mrs. Stewart shared that this is a rather routine renewal however both Level 3 and tw telecom have held right-of-way permits with the city and both permit expired late last year. Level 3 has acquired tw telecom since they last obtained their permit and Level 3's preference is that they be consolidated under one permit.

There being no additional comments, the motion to adopt Resolution No. 10-2016 carried unanimously by a voice vote.

Resolution No. 11-2016

Authorizing the City Manager to Execute an Agreement to Participate in the Franklin County Drug Task Force.

Introduced by Mr. Norstrom.

MOTION

Mr. Troper made a motion to adopt Resolution No. 11-2016. The motion was seconded by Ms. Dorothy.

Mr. Greeson shared that we have recently talked about drug use in our community and members know the issue of combating drugs transcend jurisdictional boundaries. In recent years the city has participated in the Franklin County Drug Task Force. He asked Chief Mosaic to overview this item.

Chief Mosaic reported that the city has been involved in the Task Force since mid to late 2013 with one officer assigned full-time. The document before Council had some minor changes to it and that is why it is before Council at this time for approval. The Task Force provides the city with many benefits that a small agency could not provide. He would be happy to answer any questions.

When asked by Ms. Dorothy to share some highlights of the benefits, Chief Mosaic replied that it is basically a force multiplier. Being a small agency, Worthington is limited on

manpower. The Task Force also provides technical equipment in order to conduct our investigations that we would not have access to.

Ms. Michael asked if this is anticipated to help reduce drug use and drug trafficking in our community. Chief Mosaic replied that they have made significant seizures county wide and they work on stemming the flow to all the communities throughout Franklin County so it is a direct benefit to our locality.

There being no additional comments, the motion to adopt Resolution No. 11-2016 carried unanimously by a voice vote.

Resolution No. 12-2016

A Resolution Indicating What Services the City of Worthington Will Provide to the 0.10 ± Acres Located in Perry Township, Franklin County, Ohio, Upon Annexation to the City.

Introduced by Mr. Smith.

MOTION

Mr. Norstrom made a motion to adopt Resolution No. 12-2016. The motion was seconded by Mr. Troper.

Mr. Greeson shared that there is an eighty foot strip of roadway adjacent to the UDF parcel that is neither in Worthington or Columbus. It has been identified as being important to clean up the jurisdictional responsibilities for it. Staff recommends that it be annexed into Worthington. He asked Mrs. Fox to overview both the issue and the procedure.

Mrs. Fox reported that this is an area of Linworth Road that probably should have been annexed to either Columbus or to Worthington when the adjacent property was annexed over the last many years but it wasn't so it remains in Perry Township. As a result of the UDF redevelopment the city was approached to see if we would be willing to take on this very small portion of the roadway. It actually is adjacent to the former First Merit Bank parcel that has been acquired by UDF. This Resolution is the first of two actions that is required by Council when property is annexed. This resolution indicates what services the city will provide to this portion. It is a little bit of a strange resolution because it is not really a property that we would consider providing the full range of our services to. Nevertheless the county requires the resolution to be considered and if passed delivered to the county within twenty days of the date of filing the petition, which occurred on February 29th.

Mrs. Fox shared that the annexation statute requires a buffer be included as part of the legislative action when the city determines the zoning for the annexed land. Since this is a little bit of an outlier, the buffer requirement has been waived. We explain in the resolution that it doesn't make any sense to have a buffer requirement on the roadway with the adjacent property. She added that Chris Kessler, who is with the attorney firm working with UDF is here this evening should members have any additional questions.

Ms. Dorothy asked who was previously providing services to this parcel. Mr. Whited replied that this small piece of property was maintained by the County Engineer because it was located in Perry Township.

Ms. Michael asked if this annexation will in any way help with the redevelopment of the intersection. Mr. Whited sees it as an opportunity to clean up some discontinuity in the properties out there and clarify maintenance responsibilities as well as traffic accidents. Mrs. Fox added that with the UDF development, the developers are constructing a dedicated left turn lane southbound on Linworth to SR 161. She doesn't know where that turn lane will fall within this but it was all just part of the redevelopment questions that came up.

Mr. Kessler shared that the request came from the county as part of the redevelopment. As Mr. Whited said its main purpose is to clean up the area and define the boundaries.

When asked by Ms. Dorothy if they support the annexation Mr. Kessler replied yes.

There being no additional comments, the motion to adopt Resolution No. 12-2016 carried unanimously by a voice vote.

REPORTS OF CITY OFFICIALS

Policy Item(s)

- Gypsy Moth Treatment

Mrs. Stewart shared that this request is very similar to the treatment that Franklin County provided last year with regards to the gypsy moth. It involves an aerial application of a pheromone, which is a mating disruption chemical. It essentially prevents the males from finding the females and thus it helps to control the gypsy moth population. This year only a very small portion of Worthington west of SR 315 is slated for the application which is scheduled for this summer. The Ohio Department of Agriculture has requested a letter from the city indicating acknowledgement of receipt of the information and also indicating support for the aerial application. Staff is seeking a motion in support of that in order to provide the letter that is requested.

Ms. Dorothy asked if they could provide the city with a more specific timeline once they have the treatment scheduled. Mrs. Stewart shared that staff received many calls last year because of the low flying aircraft used to distribute the pheromones. She recalls that last year more specific dates were provided so staff can certainly request those. Ms. Brown can put out information to the community as well.

Ms. Dorothy thinks we need to do just about whatever we can to prevent pests from killing all of our trees. She sees the prevention effort as a substantial benefit to Worthington.

MOTION Ms. Dorothy made a motion to authorize the City Manager to execute a letter approving the treatment. The motion was seconded by Mr. Smith.

There being no additional questions or comments, the motion carried unanimously by a voice vote.

Mr. Greeson shared the following information:

- 1) Anne Brown provided council members with a memorandum regarding the community group subcommittee's report on funding. Staff intends to schedule that for city council discussion at the committee of the whole meeting next week. Usually no action is taken at that meeting however in this instance we may encourage members to do that given the fact that some of these groups are reliant and waiting on funding.
- 2) The Linworth Alternative School recently asked whether crosswalks would be included at both the UDF redevelopment and the Linworth Crossing development. He thought it important to remind everybody that yes there will be crosswalks where none currently exists. He wanted to make sure that members had this information to share with residents.

Mr. Greeson told Ms. Michael that there would be crosswalks and sidewalks.

- 3) Meeting Schedule:
 - a. March 14th – Topics will include Community Group Funding, and Wilson Bridge Road Zoning Ordinance
 - b. March 21st – Transportation Related Night (MORPC has asked for an opportunity to present their Metropolitan Transportation Plan and ODOT will talk about moving forward with the SR 161 Study)
- 4) *Mr. Greeson complimented Mrs. Stewart, Mrs. Fox, and the members of the CIC who worked very hard on the Sweet Carrot and the Sew to Speak leases to achieve what has been quite a long goal of the community's to get the Kilbourne Building occupied. Ms. Michael chaired the CIC and he knows that members put many hours into the effort in the last several weeks and he wanted to compliment them for their work.*

Mrs. Fox shared that the 2016 Charter Review Commission will hold its first meeting on March 21st at 5:45 p.m. in Council Chambers. We look forward to beginning that process.

When asked by Ms. Dorothy if those were public meetings Mrs. Fox replied yes.

Mr. Norstrom shared that ten years ago the meetings were held in a round table forum which was much better for conversation than this room allows. Mrs. Fox stated that we

are going to start in this room and we will let the Commission decide from that point how and where and for how long they would like to meet.

REPORTS OF COUNCIL MEMBERS

Mr. Norstrom raised the issue again of installing cameras in Council Chambers. He shared that he was watching HBO before tonight's meeting and they had cameras of a special district with just two people in there, the chair and vice-chair but the entire meeting was recorded and people could see what occurred.

Mr. Smith commented that he likes the idea. He added that a couple of week ago when members met there was talk about scheduling the sidewalk proposals for an upcoming meeting. He thought that meeting was next week. If it has been postponed that is fine but residents need to be informed. Mr. Greeson thanked him for the reminder to talk about that issue. Staff wanted to try to do it on the 11th of April, if that works for this group. That allows staff some time to get it noticed. It also gets us past some other activities.

Mr. Norstrom asked if the conversation will only be for Crandall Avenue. Mr. Smith shared that it will be a city-wide concept. Mrs. Fox further explained that a few Crandall residents proposed two code changes to Council. We also have Mr. Smith's additional concept that may result in numerous changes that will add to the code provision. Staff would like to get council's input on whether or not you want to consider one, some or all of those provisions before the actual change to an ordinance is drafted.

Ms. Dorothy shared that she sent City Council members and the City Manager a notice about a presentation that she and Mrs. Stewart attended at the John Glenn College of Public Affairs. The presentation was by a Master's program person who had collected local government data from 2007 to 2013 regarding the impact of reduced funding from the state. This is an ongoing conversation that everyone is invited to participate in throughout the entire state of Ohio to hopeful help talk with our legislative peers in the state house. There will be a follow up meeting in May on this specific issue. She added that she is also aware of other organizations who are looking at this type of information.

Ms. Michael shared that she received a memo from the Central Ohio Fair Housing Association who asked if council would be willing to do a proclamation proclaiming the month of April as Fair Housing Month. She asked council members to weigh in on whether to provide a proclamation or not.

Members shared that they would be interested in reading the request. Ms. Michael read the letter and asked for direction from members.

Mr. Norstrom opposed having staff spend time on the issue.

Ms. Michael understands that there is not much fair housing issues in our community.

Mr. Troper agreed that city staff didn't need to spend much time on the topic.

Mr. Norstrom added that if we do that we should think about the precedence that we are setting. Ms. Michael agreed. She acknowledged groups like the Veterans where it makes sense to recognize an organization. She just wondered how close this really matches with what council may want to do, which is why she asked the question.

Mr. Smith suggested sending the request to the mayor.

Ms. Michael asked that Council's salaries continue to be on a "To Do List" to be brought up for discussion sometime before the end of the year.

She commented that there was talk after the Groundhog Day breakfast of the Schools, the City and the Chamber to work together and the Schools have offered their meeting room to share the MORPC presentation again that talked about 2050 and future development and trends. She thinks as we talk about some of the other development issues that have come around the city of Worthington like the Holiday Inn development it would be nice to have the educational component to make it easier for residents to watch it on TV in their homes. The schools technology was offered and can handle the presentation effort.

Mr. Smith thinks it is a good idea if MORPC can do that. Mr. Greeson agreed to work with them to try to identify some time. They have a few different staff members who are doing that presentation but if we are interested in doing a larger community event, he thinks it would be great. Ms. Michael liked the educational component that would be good for the community. Mr. Greeson agreed to head the effort.

EXECUTIVE SESSION

ADJOURNMENT

MOTION Mr. Norstrom made a motion to adjourn. The motion was seconded by Mr. Smith.

The motion carried unanimously by a voice vote.

President Michael declared the meeting adjourned at 8:36 p.m.

/s/ D. Kay Thress
Clerk of Council

*APPROVED by the City Council, this
4th day of April, 2016.*

/s/ Bonnie D. Michael
Council President
