This Agreement is executed on this 6th day of November, 2018, by and between Ohio Power Company, as Ohio corporation, ("Company") and the City of Worthington, Ohio, an Ohio municipal corporation (the "City") pursuant to Resolution No. 60-2018 passed by the Worthington City Council on November 5, 2018.

Now, therefore, in consideration of the foregoing and of the covenants, promises and conditions hereinafter set forth it is hereby agreed as follows:

I. That the Company, a corporation organized under the laws of the State of Ohio, its successors and assigns, is hereby granted the non-exclusive right, privilege and authority in accordance with the provisions of Chapter 949 of the Codified Ordinances of the City to acquire, construct, maintain and operate a telecommunications system and/or utility in the City in and under, above, across and along the streets, alleys, thoroughfares, public rights-of-way, public property and easements as the same now exist or may hereafter be laid out in the City, with minimum interference with the proper use of same, for the provision of all competitive telecommunications services as authorized by the Public Utilities Commission of Ohio.

II. The Company shall construct and operate the telecommunications and/or utility system in accordance with all laws, ordinances, construction standards, governmental requirements, FCC technical standards and any other standards incorporated by reference. Nothing in this Agreement permits the Company to provide any other utility services or cable television services.

III. The Company shall comply with the applicable requirements of Chapter 949 of the City Codified Ordinances.

IV. The Company shall pay the annual permit fee as determined by City Codified Ordinances Section 949.07.

V. The Company agrees that all contractors and subcontractors proposed for work on construction, installation, operation, maintenance and repair of the system shall be properly licensed under the laws of the state of Ohio and all City ordinances.

VI. Subject to the final requirements of this Section VI, in those areas where telephone and electric services are provided by underground facilities, the Company shall place all new facilities underground. In all other areas, the Company agrees to use its Best Efforts (as defined in Chapter 949 of the City Codified Ordinances) to place all facilities in the City right-of-way underground except for equipment which is customarily placed on or above the ground in conjunction with underground transmission facilities. In addition, where the City Manager or his designee determine that such transmission facilities should not be located underground, the City Manager shall have the authority to relieve the Company of the requirement to do so. In making such a determination, the City Manager may take into account unusual circumstances or physical characteristics including but not limited to the existence of underground facilities which might interfere with the operations of the Company, topographical features or use
requirements which may interfere with existing facility locations. The City Manager may also relieve the Company of the requirement to locate transmission facilities underground when to do so in a particular circumstance would not be in the best interest of the City.

VII. The rights, privileges and authority hereby granted shall not be effective prior to acceptance of this Agreement by the Company and the City and shall terminate three years from the date of acceptance.

VIII. The Company shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, public officials, boards and commissions, agents and employees from and against any and all lawsuits, claims, causes of action, actions, liability, and judgments for injury or damages in connection with this permit, the Company system, and construction, installation, maintenance, and repair thereof.

IX. Whenever in this Agreement the City or Company is referred to, such reference shall be deemed to include the respective successor or assign of either, and all rights, privileges, and obligations herein contained shall bind and inure to the benefit of such respective successor or assign, in which the predecessor of such successor or assign is divested of all such rights, privileges, or obligations, whether so expressed or not.
